Wonky chairs

studio
Lawrence

Playful, sculptural and dynamic, Wonky immediately arrests its viewer.

Ostensibly, the Wonky is simple; a monochrome solid wood seat sits on a metal frame. The chair appears different from every angle however, as the seat is asymmetrically cut in wonky shapes. Simplicity offset against asymmetry and perspective causes the viewer to question their very own eyes.

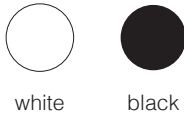

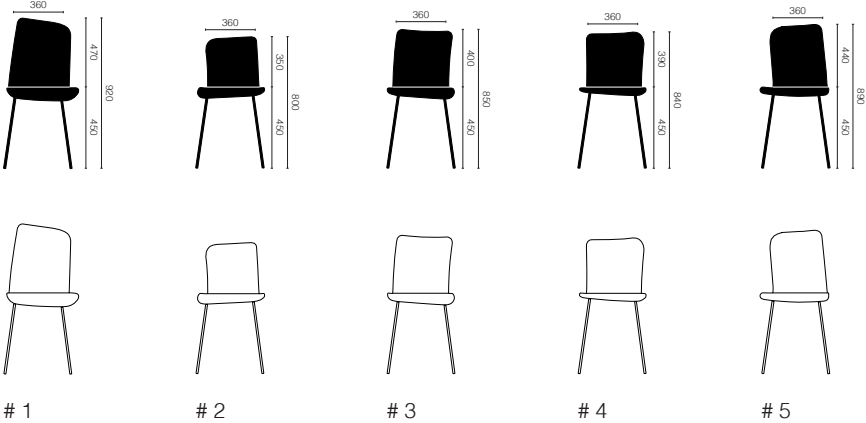

Five asymmetrical Wonky seats are available in black and white and can be placed on complementary or contrasting black or white metal frames creating twenty variations to choose from. Seen together, the varying Wonkys form a quirky sculptural landscape and create new playful perspectives around any table. Create your unique combination and for further personal touch, add a round black felt cushion for extra comfort and contrast.

Seat: Oak Veneer, spray-painted.
Colours: 2 standard colours,
other colours on request.
Optional: 100% Wool Felt cushion,
30 cm. diameter.
Frame: Steel, powder coated.
Colours: 2 standard colours,
other colours on request.
